12.1 Special Column: Meet the Professor

Meet the Professor:

<http://aes.amegroups.com/post/category/meet-the-professor>

Featured interviews with the global Key Opinion Leaders in ophthalmology were published in our column, providing a window into the new developments, breakthroughs, and achievements in the interviewees' professional fields, both in clinics and research.

12.2 Special Column: Medical Education Column

Medical Education Column:

<http://aes.amegroups.com/post/category/medical-education-column>

This special column is dedicated to medical education. Our goals are simple: 1) to bring together discussions on challenges, innovations and research in medical education; 2) to compare and contrast medical education systems around the world; and 3) to learn from each other and to achieve continuous improvement. We welcome diverse topics of discussions that include theoretical and/or practical facets of education, health and science policy, institutional values, research practice, clinical practice in academic settings, as well as other topics relevant to medical schools and teaching hospitals.
